

Premier

Indoor Banners

At Premier Frameworks we do not believe in trying to fit square pegs into round holes. Which is why we offer a wide range of stylish and robust banners which have been chosen for their reliability appearance and ease of use.

The options that the range offers include; removable cassettes, single and double sided, lots of different widths and various lighting options.

If you are working on a very tight budget please speak to one of our sales team about the Eco and the Orient.

Wing

The Wing is simple, striking, and durable. Storing and transporting your graphics is easy, as the Wing keeps them safely in its base. Standard Wings™ are available in three widths 850mm, 1000mm and 1250mm. All are supplied with a padded carry bag and lighting is available as an optional extra.

Twist

Quick and easy to erect, the Twist brings you flexibility, stability and an aesthetically pleasing system that will enhance any display.

The Twist banner takes approximately 90 seconds to erect, including graphic and light, and comes in specially made carry cases with tubes to separate the hardware and graphics.

Cross

The Premier Cross is a banner stand with a telescopic pole that can reach a height of 2.2m. It is available as a single or double sided unit with a standard width of 800mm.

Premier

Indoor Banners
